Iowa ISASP

March 2019
Paul Freid & Greg Gilman

Overview

- JMC is releasing videos for Iowa SRI and ISASP in March of 2019.
- The initial versions will be specific to the 2018-2019 school year.
- Once IDOE has specified changes for 2019-2020 (or other future years), these videos will be updated as appropriate

Iowa ISASP

For 2018-2019 School Year

For Students who moved into a district after the 2018 October 1 Count Date.
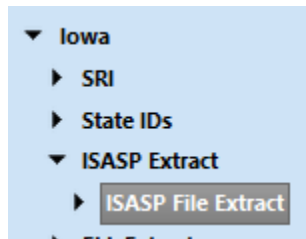

Iowa ISASP

Starting with year 2018-2019 statewide assessment window is MANDATED as March 4 – May 15 (no more fall testing).

Also projected for 2019-2020 is that state wide assessment rostering will be done in real time via the SIF agent. *NO MORE FLAT FILES* (like the ISASP export)

Therefore, this ISASP Export option appears to be a one-year temporary solution; HOWEVER, the ISASP Export may end up being used for other purposes in future years.

JMC prides itself on keeping up-to-date on all Iowa state reporting requirements. The Iowa Module is re-certified each summer. Before you upload your files to the Iowa Department of Education the Iowa module runs an error report for you. This means you can correct nearly all issues with your data before uploading your files to IDOE.
