

Client Services Specialists

We have heard from many of you that y'all would like to see and hear from us more, you would like additional training opportunities and you would like even more direct access to the individuals who pride themselves in assisting you day in and day out.

So with great pride and excitement, everyone here at jmc would like to introduce you to the jmc Ambassador program.

This program's sole purpose is to deliver what you were asking for, a dedicated passionate individual whose goal is to educate you on the ins and outs of jmc while continuing to offer unparalleled support and training.

A Client Services Specialist helps jmc achieve:

- **Increased face-to-face time with our passionate jmc users.**
- **Training opportunities any time they are needed.**
- **Direct access to Technical Support for any user any time of day.**
- **Greater communication with you and jmc!**

Fun Fact: Anyone with a passion for jmc and our customers can become a CSS! Contact Eric Padget for details: eric.padget@jmcinc.com.
