Overview

JMC's WISEdata/WISEid videos will continue to be published & updated in an ongoing manner.

This video is part of a series for 2019-2020 WISEdata/WISEid Updates

WISEdata Enrollment History Overview

- Rationale for Enrollment History
- Student data Page
  - new Enrollment Tab
  - Default records for students
- Attendance – Student – Add Student
- Attendance – Student – Drop Student
- Attendance – Student – Re-enter Student

WISEdata Enrollment History Overview Continued

- Beginning with 19-20
  - Does not affect prior years
- Replaces pre-existing version on Student Data page in State Report tab
- *For all students*
- *WAIT to do these until get certified build*
  - Drop Student
  - Add Student
  - Re-enter Student
    - If you will have done some Drop/Add/Re-enters prior to the certified build then those students will need to be redone, so *please wait*

WISEdata Enrollment History Overview

- **Rationale for Enrollment History**
  - Parallel with Student School Enrollment (SSA) Ed-Fi resource
  - Students may have more than one SSA / Enrollment History Record
  - Values in SSA may differ from one span of enrollment history to another
    - Repeat Grade
    - Completed Term
    - Calculated Attendance
    - Expected Transfer Ed Org & School

All fields are in SSA Ed–Fi resource. Attendance fields such as Actual & Possible Days Attended are normally calculated fields based on attendance membership data for the student. For some special case students we may need to enter *attendance override* info here.

WISEdata Enrollment History Student Data Page – Enrollment Tab

All data elements editable separately in each enrollment history record

WISEdata Enrollment History Student Data Page – Enrollment Tab

User is not expected to edit enrollment history in Enrollment tab on Student Data page

User is expected to do drop, add, and re-enter options to affect changes to student's enrollment history

Only in exceptional cases would user edit enrollment history records on Student Data page

WISEdata
Enrollment History
Submitting SSA via WISEdata API

Advantage – now you can see student's SSA's in their enrollment history right on the student data page.

Advantage – now you can track any field in SSA in your enrollment history records. For example, in each span student may have different enrollment type or expected transfer info. Now you can set this correctly for each span separately.

Advantage – now you will be able to enter attendance override for special case student/calendar situations

WISEdata Enrollment History Coming of Age in JMC

JMC's goal has always been to make our software as easy to use as possible.

We saw the need for enrollment history that just couldn't wait another year based on an 18-19 support use case.

Wisconsin clients will benefit from the enrollment history concept having been worked on for years in other states where we needed it earlier.

WISEdata Snapshot Prep & Timeline

Snapshot Preparation & Timeline

A snapshot is taken on a predetermined date to capture the data that exists in WISEdash at the time of the snapshot.

In general terms, snapshots are pieces of data that are copied from active, dynamic tables in the DPI Data Warehouse (DW) at a specific point of time to a "permanent" location to support current and future reporting. This facilitates reporting from an unchanging set of attributes, providing consistent, repeatable query results unaffected by the dynamics of real-world changes and corrections.

December 10, 2019: Student Snapshot

- 2018-19 Year End Attendance, Discipline, Completion, Roster, Career Education

- 2019-20 Third Friday of September Enrollment

- 2019-20 October 1 Child Count of students with disabilities

May 19, 2020: Spring Demographic Snapshot

The following demographics will be captured for all students: Race/Ethnicity, Gender, Grade Level, Disability Status, Economically Disadvantaged Status, and Food Services Eligibility.

Migrant Status, English Language Learner, Homeless, and Parent in Military are required for public schools only.

Track important dates and deadlines in the WISEdata Events Calendar.
