

# JMC Wisconsin Updates for 18-19 Looking Ahead

MIDWEST REGIONAL CONFERENCE

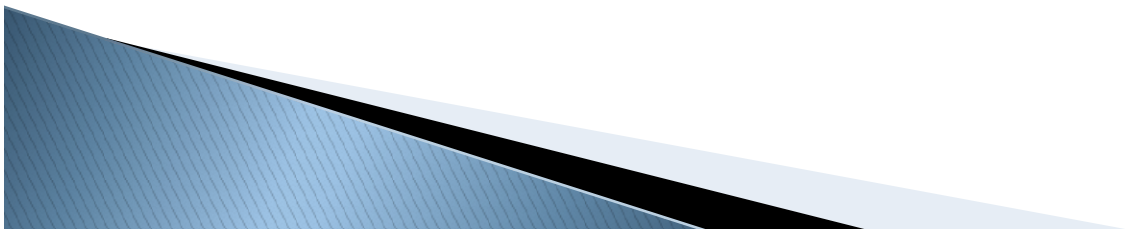

Altoona

June 20, 2018

Greg Gilman

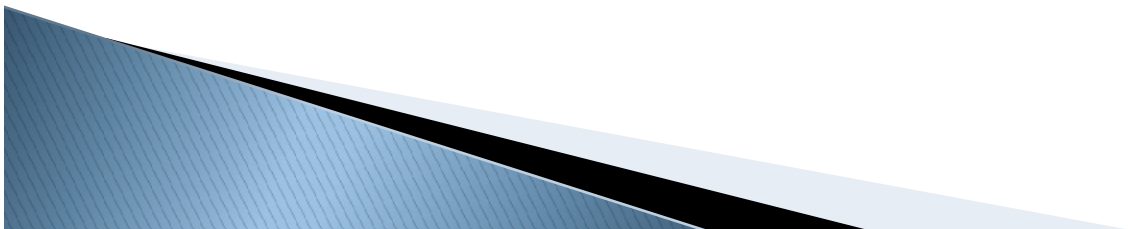

# No Location Release (Safe at Home)

- ▶ Having to do with restricting access to student & contact personal information for legal purposes
- ▶ DPI is still working on this
  - DPI note as of 6.19.18 3PM says “Pending”

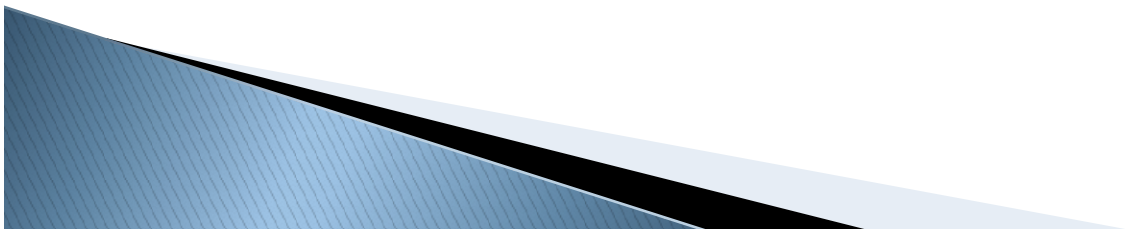

# WISEid via API

- ▶ Also known as Identity API or WISEid Integration
- ▶ Use an API for acquiring WISEids rather than upload/download files
- ▶ DPI is still working on this
  - DPI note as of 6.19.18 3PM says “Pending”

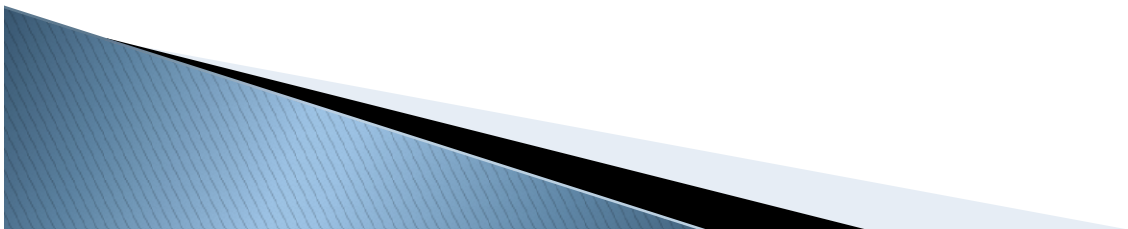

# WISEdata in Near Real Time

- ▶ Development is Complete
- ▶ Currently testing with Nebraska client
  - Nebraska is beta testing Ed-Fi for 17-18
- ▶ Will be rolling out this fall one WI school at a time
  - WI clients will be contacted individually for turn-up

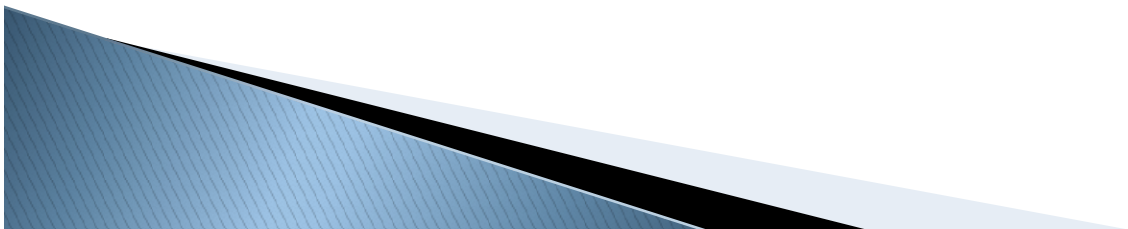

# Ed-Fi V3.0 (19-20)

- ▶ “Infrastructure Update”
- ▶ Should have little effect on what schools see and do
  - Resource shuffling
    - E.g. some fields moving out of students endpoint (resource)
      - Allows multiple districts to update those fields

# Drawings

- What can I win Paul?

# Thanks for Choosing JMC!
