

# Iowa Enrollment Enrollment History Status Changes

# Overview

What is a status change?

Status Changes, with regard to Iowa SRI enrollment history, are things that change status during regular enrollment.

In other words, the student stays enrolled at their current school, but something about their enrollment there has changed.

Some examples are IEP Level, Foster Care, Resident District, Resident County

# Status Changes

In Iowa, status changes like these can be accomplished by:

1. Drop the student on the day before the status change
2. Re-enter the student on the day of the status change

# Status Changes

## Attendance – Student – Drop Student

- ▶ Use Exit Code 14 “End or Change in Enrollment”

Drop on the date just prior to the status change

# Status Changes

## Attendance – Student – Re-enter Student

Fill out the page as necessary. Status change fields will be available for editing on this page:

- ▶ IEP Level
- ▶ Foster Care
- ▶ Resident County
- ▶ Resident District

# Status Changes

## Edit – Student Data – Enrollment tab

As a result of the drop and re-enter, you will have closed off one enrollment history record and opened a subsequent record.

There should be no need to manually edit the records in this tab unless you made a data entry error.

JMC prides itself on keeping up-to-date on all Iowa state reporting requirements. The Iowa Module is re-certified each summer. Before you upload your files to the Iowa Department of Education the Iowa module runs an error report for you. This means you can correct nearly all issues with your data before uploading your files to IDOE.

### JMC Iowa State Reporting News

#### JMC Regional Conference in Des Moines area on July 29, 2019

JMC held its annual regional conference in Ankeny on 7/29/2019 at the FFA Enrichment Center (near DMACC Campus). Attendees of this event included representatives of some Iowa state departments.

PowerPoints from some of those sessions are posted above in the RECENT PRESENTATIONS section. Look for videos of many of these sessions to be posted to this page soon.

#### Iowa SRI update 7/30/2019

The Iowa SRI Certified build of JMC's Next Gen software was recently released. Schools using build 7.30.19 or later can now begin working with enrollment history and Drop/Add/Reenter processes in the Attendance module of the Next Gen web application for the 2019-2020 school year. The certification is completed for "flat file" submission. Certification for the SIF agent will conclude shortly.
